

# T8 C-Series LED

## Features:

- Industry Leading LED diodes
- High Performance Drivers
- High CRI 95+ available
- Patented 330° Beam Angle technology (Replicates T8 fluorescent)
- Provides up light for shadow free fixtures
- Reuse existing luminaire housings with multiple socket options available
- Use any existing lens type - creates no shadows
- Glass tube (even heat distribution)
- No visible diodes
- Instant on (even in cold temperature)
- 5-year warranty
- 100% Recyclable
- LED lamps contain no mercury
- No UV or IR radiation

**330° Light Output**
